FROM THE EVENT***

Dear Competitor,

We are proud to announce that the 2017 Geelong Revival Motoring Festival was awarded the CAMS Victoria Motorsport event of the year award. We would like to thank all our Stake Holders, Partners, Entrants and supporters for helping us achieve this.

We would like invite you to enter the National Classic Sprints. The National recognition of this event as the premiere classic sprint for Australia underlines the importance and prestige of this event. We expect entry demand to be high, so we encourage you to get your entry in early.

The Geelong Revival Motoring Festival Sprint is a ¼ Mile long in the old terminology or 400m in modern parlance. There will be National Classic Sprint trophies awarded in each class along with an overall event winner based on aggregated and weighted times.

Back for 2018 is the "Top 10 Shootout". The 10 quickest times each day will be given an opportunity to compete for a trophy as the classic and modern classic shootout winner.

We welcome on board our major sponsors for the 2018 event. Their support will allow us to promote the event to the wider community. Our thanks also go to the City of Greater Geelong and Visit Victoria for their valuable support, and allowing us to use the facilities within the event precinct. Our charity donations will support the Geelong Museum of Motoring + Industry www.gmom.com.au and we hope you can get a chance to visit this great local community project.

We intend to send vehicles down the course at intervals and collect them in groups of around 30 (depending on number of competitors in each class), then stop competition and direct the vehicles back in to the convoy before starting the next group.

Please be polite and friendly to our many officials, as they help to make this event run smoothly. They are all volunteers and the event can't run without them.

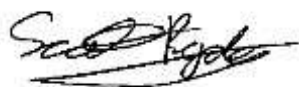

If you have any special requirements or questions, please do not hesitate to contact Chris Sager on 0431 183 176 or email competitor@geelongrevival.com.au.

The Geelong Revival Motoring Festival and supporting clubs wish you a safe and enjoyable event and we look forward to seeing you there.

Regards,

Nicholas Heath

A large sign post will be located at this point noting the turn off into the Holding Area.

The drivers briefing is held at the finish line each morning before competition, to highlight the beginning of the braking area.

8.6 Timing
